

# Garments Quality SOP

Garments quality SOP is the standard operating procedure for quality control in Garments manufacturing. Setting Standard procedure for garments is very much important to get up to the mark of readymade garments. In a garments quality SOP, a clear description for every working system and requirement to get the best possible result is written. Following SOP, we can do any work in a standard way and know what to do to complete the whole operation. Garments buyer also gives SOP for handling their order. It is makers responsibility to follow while making their garments. Every garments factory has own SOP for every process they are involved with. Basically, a garments quality SOP is the written guidelines of standard procedure to do a particular work for making garments. Time to time standard process may change because garments involve with making different garments different times. Actually, a good standard operating procedure increases productivity by reducing the system loss or operating losses. In a garments factory a quality control department is responsible for ensuring the best quality of garments, so they always follow a standard process for monitoring and controlling process and products.

## List of SOP Needed for Garments Quality

Listed SOP hyperlinked with needed SOP, you can read by clicking.

1. Fabrics inspection SOP
2. [Shade band procedure](#)
3. [Fabrics process before cutting](#)
4. [Trim and accessories inspection SOP](#)
5. [Garments pattern making SOP](#)
6. [Fabrics relaxation, spreading and cutting procedure SOP](#)
7. [Sewing quality procedure](#)
8. Garments measurement SOP
9. [Needle controlling SOP](#)
10. [Sharp edge controlling SOP](#)
11. [Button pull test SOP](#)
12. [Button pinch setting SOP](#)
13. [Metal detection SOP](#)
14. [Mold prevention SOP](#)
15. [Finishing SOP](#)
16. [Quality control manual or SOP](#)

If you need any SOP for a specific process/ task related with quality or you want to develop a quality manual or any technical thing of garments manufacturing, please feel free to contact with me through sending mail to the following address.
